### Purpose of this Project

The purpose of any animal project is to help teach youth valuable life skills. These are skills that youth need in order to transition into a healthy, responsible, contributing adult. Animal projects specifically target the life skills of:

- **Responsibility** (feeding and caring for an animal on a regular basis; completing assigned tasks)
- **Determination** (working with the animal on a regular basis in order to show it)
- **Record keeping** (keeping accurate records of the animal's health and feeding; recording information)
- **Money/Resource Management** (keeping track of how much money or other resources have been invested in the project, and managing money and resources wisely)
- **Sportsmanship** (practice being a good winner and a good loser through competition with peers and with self; dealing with constructive criticism, even when you've given your best)

**“As the exhibitor of this project, I certify that I have personally kept records and completed this record book.”**

**Signed** \_\_\_\_\_  
**Member** **Date**

**“This youth is an active member of the \_\_\_\_\_  
4-H Club or FFA Chapter. This book has been completed by the  
youth and is an accurate record of the project.”**

**Signed** \_\_\_\_\_  
**Club leader or Chapter advisor** **Date**

*Keeping records is an important part of any project, but especially for a market animal project. If you don't keep any records, then you have no idea whether you made money or lost money at the end of your project.*

## Expenses and Income

An expense is something that you pay for, or that costs you money. Your project expenses include the cost or value of: your animal at the beginning of the project, feed, veterinary services or products, and show fees and equipment.

Income is money that your project brings you. Examples of project income include what your animal is worth at the end of your project (or what someone pays for your steer), any show premiums you win, and any sponsorships you are given.

**For record book purposes, your project begins January 22, 2016  
For record book purposes, your project will be on feed 88 days**

## PROJECT EXPENSES

### Animal Expenses

What you paid for your swine OR the value of your swine if donated or self-raised.

1. If you bought your animal, simply write down the actual purchase price.
2. If you were given your swine, or if it was born on your property, simply write down the fair market value of your swine. (Not a constant price, do research!)

Value of Animal at Start of Project: \$ \_\_\_\_\_

Non-Feed Expenses

Date	Type	Cost or Value
<i>Example: 12/01/17</i>	<i>Entry Fee (HCFA)</i>	<i>\$20.00</i>

**Total Project Expenses** \$ \_\_\_\_\_

**BEFORE FAIR:** You will only have expenses. To calculate your break even sale price, divide *Total Project Expenses* by the *Final Weight* of your swine.

To break even, my sale price must be: \$ \_\_\_\_\_/lb

**4-Hers only, after the fair:**

**TOTAL PROFIT OR LOSS**

- Calculated after the fair \$ \_\_\_\_\_

*Subtract your total project expenses from total project income.  
 This is your total profit or loss.*

## Project Photos

Include **five to eight photos** of your project with **CAPTIONS** that tell the story within the picture.  
Exhibitors must capture at least three skills learned or improved during the project year.
